Volunteering in ASCnet

Thank you for taking an interest in volunteering within ASCnet.

By getting involved in your community you will make new friends, gain new skills, enhance existing ones and increase the overall performance and benefits of ASCnet. ASCnet's volunteers are an essential part of our association – all working together to ensure that the association achieves its goals. Every activity that a volunteer gets involved with, from assisting at an education event to leading a committee, is equally valuable.

The ASCnet Volunteer Form is an important step in offering to volunteer for one of the many opportunities within ASCnet. For more information about specific openings please visit the ASCnet Job Bank at www.ascnet.org/volunteer.

Please return the completed form to Lynn Walsh by fax: (407) 869-0418 or email: lwalsh@ascnet.org.

Name:_____
